## N2 ROOFING AND JOINERY

MOONRAKER RALLY

FRIDAY 5<sup>th</sup> SEPTEMBER 2008

FINAL INSTRUCTIONS 2

Classes 1, 2, & 3.

1. You are reminded that at all Controls and Checks, the onus is on the Competitor to ensure that the Marshal records the correct number and, if applicable, time.
2. The correct route between all Controls will be the shortest route which follows the route instructions.
3. Please bear in mind that other road users have every right to be there!  
Do not block roads, sit with headlights on at Controls or otherwise create ill-feeling.  
A little consideration for other road users will not affect your enjoyment of the event.
4. The onus is on the competitor to make sure they receive the correct instructions for their class at each control.
5. The standard time for TC A is 9:00, please leave Car park 10 minutes before your due time at TC A and queue up at this control.
6. There will be a drivers briefing in the signing on area at 8:30.
7. List of Controls. Standard times for controls are on your time card.

Distance 9 Miles

Time 18 Mins

Proceed to TC I via the following herringbone diagram.

I have added some place names as they appear along the correct route if you are totally stumped don't waste time, simply take a route which takes you through these in the order they appear and you won't be far away.

**Extra Help!** Remember you are travelling along the line from the dot to the arrow each line off to the side represents a road you miss or leave i.e. the first 3 junctions would read leave a road on the Left (turn right), Leave a road on the left, Turn Right at a cross roads.
